Step 4:

The institution specified in Section 1 of the transfer form will begin transfer of the securities by electronically notifying TD Waterhouse (receiving institution) to expect the securities you have donated. Likewise, the Foundation will also be expecting the donation as a result of you having notified them via fax (sent in Step 3).

Step 5:

The Foundation will obtain the amount and value of the donated securities on the date the securities are received, and will use this value to prepare your tax receipt.
